

BP 6146.1 High School Graduation Requirements

Note: Transfer students who have earned 13 units of credits in another district may, at the district's discretion, be excused from the district's subject area units-of-credit requirements. [4 AAC 06.075](#)

Note: Unless otherwise stated in a student's IEP, the district shall require all students in grade 11, and all students in grade 12 who have not previously done so, to take a college and career readiness assessment described in [4 AAC 06.717](#). However, failure to take one of these assessments shall not be grounds for withholding a diploma from an otherwise qualified student. At the request of a student, the district shall retroactively issue a high school diploma to a student who did not receive one because of failure to pass all or a portion of the previously required High School Graduation Qualifying Exam and instead received a certificate of achievement, provided the person takes a college and career readiness assessment. [AS 14.03.075](#). A person may satisfy the assessment pursuant to the regulations in [4 AAC 06.718](#). The district is to mail a notice of this option to each such student who qualifies for a diploma to the student's last known address.

The School Board intends that all District students graduate high school ready for college or a career. The Superintendent or designee shall prepare for School Board approval a plan consisting of district graduation requirements. Students shall receive diplomas of graduation from high school only after meeting the following district graduation requirements, as well as taking a college and career readiness assessment or receiving a waiver from the School Board.

By the end of the first quarter of a student's freshman year, a team composed of the Principal, Assistant Principal, or Lead Teacher, parents, students, and staff will meet to create an Educational Plan. The Educational Plan will identify student goals and a timeline to ensure graduation requirements will be met by May 1st of the graduation year. The primary teacher and the student will review the Educational Plan annually. During the student's senior year, the plan will be reviewed quarterly with the Lead Teacher and student. Parents will be notified if the student is not on track for a timely graduation at the point the child falls behind schedule. Only required courses are listed in each content area.

Graduation Requirements for Students Enrolled in All Schools Except AK-TRAILS Statewide Correspondence/Homeschool
