DISCOVERY KITCHEN FUN

Bring on Breakfast!

March is Bring on Breakfast month and we look forward to introducing delicious recipes, interactive demos, and nutrition education about this important meal.

Studies show that breakfast can support a student’s learning throughout the day, leading to increased focus, fewer absences and better test scores. With Discovery Kitchen, students can taste and learn about what makes a balanced breakfast and discover creative alternatives that best serve their busy schedules with grab-and-go options and more.

DONUTS WITH DAD

The Head Start program hosted a special event for the dad’s. Dad’s/parent or guardian were able to come and enjoy some delicious donuts and other pastries with their student.
