ACTION

BACKGROUND INFORMATION

We have final proposals available for contracted murals for all campuses.

The total for all desired artwork at new OES is \$20,320.

The total for all other desired artwork at OHS, OMS and Field House is \$44,192.

These prices include all materials, labor and copyrights. We own the art forever and may use in any printing, promotion, publication, etc.

These totals represent \$16,128 in discounts and \$15,100 in copyright licensing.

Although the total represents a greater total cost than we had hoped for, this is first-class production art. The quality and branding are truly outstanding.

ADMINISTRATIVE RECOMMENDATION

Approve contracts for murals and all copyrights as presented.

I recommend that OES art be charged to project contingencies, the rest to regular Maintenance budget.
