June 3, 2019

Greetings School Board Members,

In the month of May things were busy at both Big Sky and Glendale. We had visits from several staff members of Browning Public Schools. This is a great opportunity for our students to learn from others. Mrs. Conway, Mr. Conway, Mr. Andreas, Mrs. Wright, Mrs. Salois, Mrs. Tail Feathers, Mrs. Guardipee, Mr. Omsberg, and Mr. Bull Shoe all visited at some point in May.

We planted flowers for our students' Mothers for Mother's Day at Big Sky. Ms. Show gave her students for their Mother's day gifts. Students were excited to give their Mother's the flowers and the Mother's liked their flowers.

On May 23 we had one student graduate at Glendale, Travis Wipf. We're proud of him for his accomplishment and wished him the very best in his future endeavors. The class sang some songs and Mr. Omsberg presented Travis with his 8th Grade Completion Diploma. We had some refreshments afterwards and the whole event was pleasant. Afterwards, some of the men at Glendale were gracious and showed us their newly built chicken barn. On the tour was Jackie, Steve, Dixie, Crystal, and myself. We learned a lot about the open-range chicken barn that day and we appreciated the tour.

Students at Big Sky wrote thank-you cards for staff members who they appreciated during the year. This was a good opportunity to talk to the students about appreciation and kindness.

We did an art landscape lesson, some of which are included in the bottom of the report. I challenged the students to use various colors and the results were really nice. This was grades 1-4 at Big Sky.

Both schools had an end-of-the-year picnic which students and staff enjoyed. At Big Sky we went to the cave and took a class picture and the weather was beautiful. Students are thankful of Browning Public Schools and for all the help they get.

I asked students at Big Sky what they're working on this Summer. The boys will working in a cow barn, chicken bar, pig barn, or garden while the girls generally babysit. Some of the students will get to go visit family at other colonies.

Next year I'll be one of the teachers at Big Sky and will be Principal at Big Sky and Glendale. As this school year wraps up I hope that the staff, students, and parents at Big Sky and Glendale have a relaxing Summer. I'm making plans for next school year and anticipate a positive year with lots of academic growth for our students.

Thanks,  
Natasha Siliezar  
Teacher/Principal Big Sky
