Student-Owned Electronic Communications Devices

The Board of Trustees recognizes the value of digital communication and collaboration in the context of a modern learning environment. Cell phones/electronic devices may serve as an outstanding instructional tool and learning resource if used appropriately. We encourage our staff members and our students to use electronics and other 21st century devices to supplement instruction and learning.

There has been a rising concern that spending too much time on social media or using cell phones/electronic devices may be detrimental to students' physical and mental health. The following parameters on the use of student-owned cell phones/electronic devices at school are put in place to ensure students are engaged without distraction.

By placing limits on the permissible use of such electronic devices, the Board intends to:

1. align use of cell phones/electronic devices with the State Department of Education guidance on cell phones/electronic devices
2. promote student safety
3. support staff in maintaining an environment that encourages learning
4. reduce distractions to the learning environment
5. improve academic focus
6. promote responsible technology use
7. prevent cyberbullying
8. mitigate the privacy concerns posed by personal electronic devices

This policy shall apply to all cell phones/electronic devices not issued by the District that may be sending electronic messages to another device, such as smart phones, other cell phones, tablets, laptops, e-readers, smart watches, and any other device that may not be listed.

Students may use a personal electronic device in the case of an emergency to contact help. An emergency is an event that poses an immediate threat to the health or safety of any person or a risk of damage to property. If a student needs to use a personal electronic device in such an emergency, they should ensure they are in as safe a location as is possible.

If a student’s parent/guardian or their designee needs to contact a student in the case of an emergency at a time when student cell phone use is not permitted, the parent/guardian or designee should call the school office and ask the administration to relay the message or bring the student to the office to speak with the parent/guardian or designee by phone or in-person.
