### **Community Engagement**

Carnival was held March 6-9.

Staff and students put away two caribou with elders and community members.

Marlene is having craft nights in the library Monday- Thursday after school.

NYO night on Fridays

### **Professional Development**

Teachers and Paraprofessionals who administer the state assessments completed training on how to provide a secure and standardized testing environment.

One of our teachers completed the Mentor Learning Series with the Alaska Statewide Mentoring Project to learn how mentors can effectively observe and provide feedback to mentees, and how to use the state's new computer application, ApprenticeScope, for documenting a mentee's progress toward earning their teacher certification.
