Re: 1<sup>st</sup> Quarter Investment Report  
Date: October 21, 2021

---

**Background:**

Board Policy 4:30 Revenue and Investments, requires that a quarterly report be presented to the Board of Education. Per the policy, the report will: (1) assess whether the investment portfolio is meeting the District's investment objectives, (2) identify each security by class or type, book value, income earned, and market value, (3) identify those institutions providing investment services to the District, and (4) include any other relevant information.

**Situation:**

This report addresses the district investment position for the 1<sup>st</sup> Quarter or for accounting period ending September 30, 2021. The District is seeing a much less expected outcome. The market is experiencing a strong downward trend in investment income, because of the low interest rate market, which does not allow for us to take advantage of our previous strategies Attached to this memo are two reports. The first report will provide an overview of the District's investment portfolio. The second report you will find a detailed listing with all the pertinent information relative to policy 4:30.

**Recommendation:**

There is not recommendation to this item as it for informational purposes only.
