

Principal Advisory Committee Updates

Presented by:

The LMS Principal Advisory Committee and
Maggie Lay, Principal, Leman Middle School
West Chicago Elementary School District 33

MARCH 2025

Let us tell you who we are!

We are a representative group of
Leman Middle School Students

- We have 18 members
- We represent all three grade levels and all 9 teams
- We represent all kinds of students!

This is what we like about Lemman Middle School!

Project Follow Up

We started many projects last year. We are excited to tell you about our progress! We will update you on:

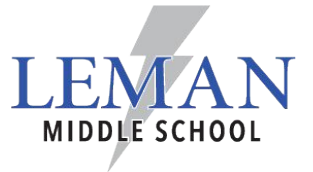

- Outdoor learning and beautification
- Our garden project
- Other efforts to Go **Green!**

Project Follow Up - Outdoor Learning

We wanted to have more spaces for outdoor learning

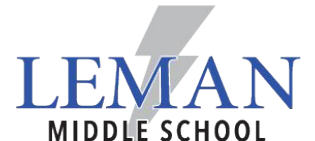

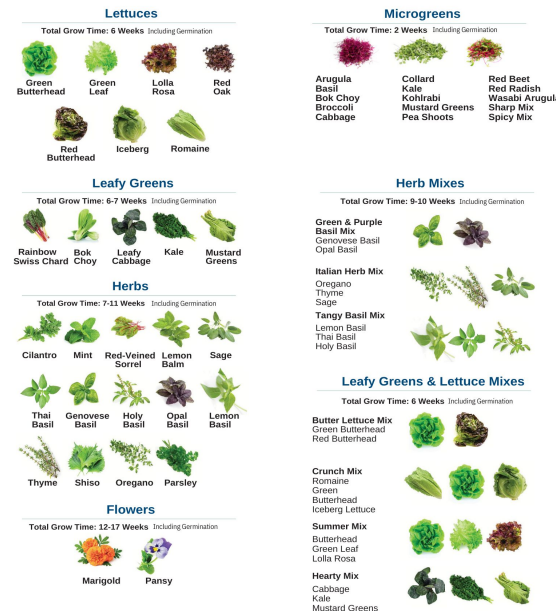

- Last year, we designed spaces
- We needed funding, so we wrote about it in a grant
- Ms. Norton helped us pick out tables and benches

Project Follow Up - Garden

We have always wanted to have a garden

- We will install an indoor garden!
- Mrs. Apostoli is helping us with this
- We will be able to learn from using it AND eat the food in our school lunches

Project Follow Up - Going Green

Going Green remains important to us

- Some elementary schools will pilot eco-friendly cafeteria trays that are reusable
- Our new parking lot will have more energy-efficient lighting
- We ensured that all of our classroom have recycling bins

NEW Project - PBIS

During our meetings, we worked with the PBIS teacher committee

- This committee works on our school culture goal
- We want to improve our score for Supportive Environment on the 5Essentials

NEW Project - PBIS

During PBIS meetings, we look at data along with our teachers and administrators

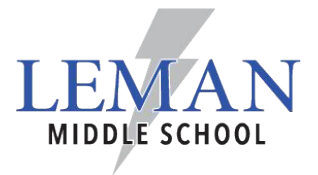

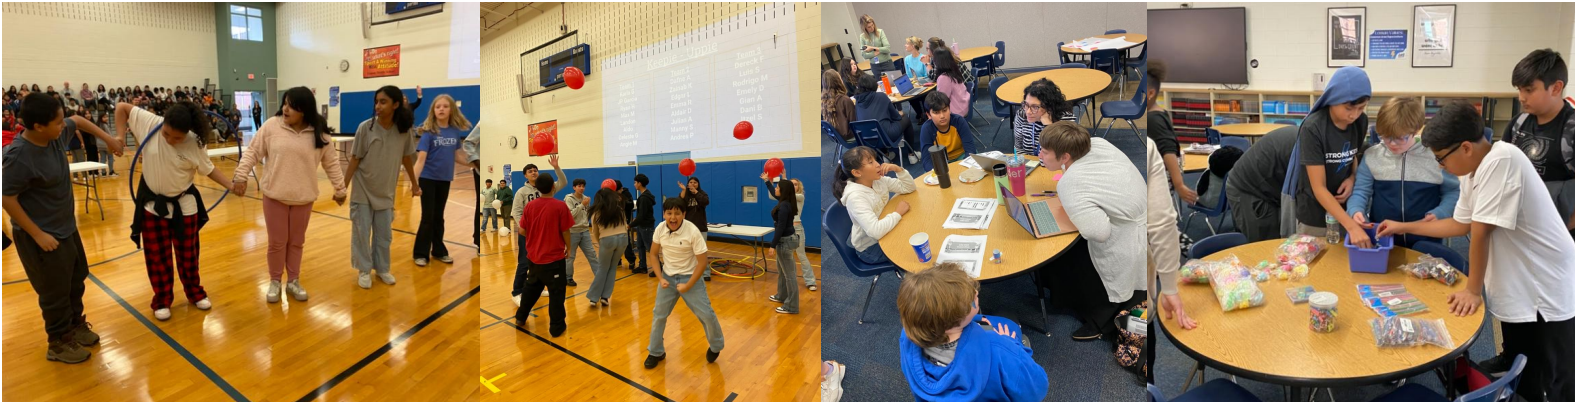

- We look at which behaviors happen a lot, as well as where and when they happen
- We help teachers understand why some behaviors happen
- We brainstorm ways to help our peers follow the Lemman Values

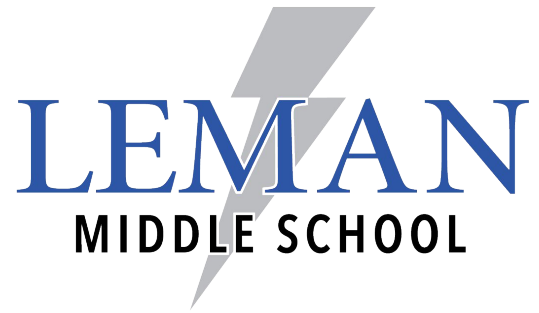

NEW Project - PBIS

We are part of the PBIS Subcommittees

- We decide what is in the Bolt Bucks store
- We plan for teacher and student celebrations
- We make lessons for Advisory classes
- We get to tell the teachers what we like and don't like

Thank you for listening!
