Executive Memo

To: Board of Education
From: Dr. Jessica Sonntag, Superintendent
Re: Consolidate District Plan
Date: 4/16/25

The Consolidated District Plan is an annual requirement for each district to complete prior to applying for categorical grants from ISBE. This comprehensive document outlines how grant funds will be used to provide services to categories of students and professional development for staff. These documents include information regarding our diverse learners who qualify for IDEA, 504, MLL, Homeless, Title 1, or Youth in Care services. Due to the confidential nature of some of the information within the application, the document itself is not for public view.
