Report Card general findings and focus areas:

C I Johnson Elementary School was designated Exemplary by Illinois School Board of Education (ISBE), specifically due to the school performing in the top 10% of schools statewide with no underperforming student group.

To address the achievement gap seen in standardized test scores, it's essential to provide more effective, tailored support for students with diverse learning needs. This involves strengthening inclusive practices, enhancing differentiated instruction, and expanding access to targeted interventions for students with disabilities.

Provide professional development for inclusive teaching teaching and intervention practices

Increasing collaboration between general and special education team

Monitoring school data to adjust instruction and support for all students

Instruction- Guiding Principle Educational Equity and Student Achievement Numeracy Goal & Action Plan

Annual Student Numeracy SMART Goal

By the end of the 2025–2026 school year, Johnson School will increase the percentage of students meeting or exceeding grade-level expectations in mathematics by 7% (no less than 5%) across all reported groups/demographics, as measured by the Spring 2026 Illinois Assessment of Readiness (IAR), compared to Spring 2025 results

Specific: Focus on math achievement

Measurable: A 7% increase, using IAR data

Achievable: Based on current trends and targeted interventions

Relevant: Supports school-wide academic performance goals

Time-Bound: To be achieved by Spring 2026

Priority Teaching Practices

For this section identify 1-2 Priority Teaching Practices that you will use to move from your current reality to your identified goal above. Please explain why this practice was selected and how you believe it will impact this specific goal.

Explicit Instruction in Mathematical Practices 3: Construct viable arguments and critique the reasoning of others

IF we build teacher capacity for students to intentionally use guestioning and discussion to develop their own and others thinking, reasoning, skills, and habit of reflection.

Then teachers will feel empowered to facilitate and engage students in student-centered, reflective learning environments that promote student voice and drive respectful discussion, critical thinking, and deep investment in learning across all DOK levels.

AND students will deepen their learning and critical thinking across all subjects by engaging in intentional questioning, meaningful discussion, and reflective practices which will promote increased student voice, ownership of learning, improved performance in writing and assessments, and enhanced confidence and social-emotional development.

Why this practice was selected:

The IAR data focus on explaining and supporting their reasoning. Explicit instruction - teachers will pose higher level questions that require students to question and discuss leading to problem - solve and reflect.

Impact on the SMART Goal:

By empowering teachers to foster student-centered, reflective learning environments, Johnson School is creating the conditions for students to develop the deeper understanding, critical thinking, and confidence necessary to meet or exceed their math proficiency goals.

Priority Teaching Practices

For this section identify 1-2 Priority Teaching Practices that you will use to move from your current reality to your identified goal above. Please explain why this practice was selected and how you believe it will impact this specific goal.

Explicit Instruction in Writing: Written Expression

IF we build teacher capacity for students to intentionally use questioning and discussion to develop their own and others thinking, reasoning, skills, and habit of reflection.

Then teachers will feel empowered to facilitate and engage students in student-centered, reflective learning environments that promote student voice and drive respectful discussion, critical thinking, and deep investment in learning across all DOK levels.

AND students will deepen their learning and critical thinking across all subjects by engaging in intentional questioning, meaningful discussion, and reflective practices which will promote increased student voice, ownership of learning, improved performance in writing and assessments, and enhanced confidence and social-emotional development.

Why this practice was selected:

The IAR data focus on explaining and supporting their reasoning. Explicit instruction - teachers will pose higher level questions that require students to question and discuss leading to their written expression to defend their reasoning and reflection.

Impact on SMART goal:

By empowering teachers to foster student-centered, reflective learning environments, Johnson School is creating the conditions for students to develop the deeper understanding, critical thinking, and confidence necessary to meet or exceed their written expression proficiency goals.

Culture- Guiding Principle Educational Equity, Collaborative Leadership, and Student Achievement Culture for Belonging & Action Plan

Annual Culture for Belonging SMART Goal

By June 2026, Johnson School will foster a culture for belonging that an average of 96% of all students will attend school and decrease our chronic absenteeism by 5% as measured by ADA.

Specific: Target chronic absenteeism as an indicator of student belonging and engagement

Measurable: Decrease chronic absenteeism by 5%

Achievable: Based on historical data and support system in place (e.g. family contact, SEL programs, attendance mentor)

Relevant: Directly connected to school climate, student engagement, and equity

Time-Bound: To be achieved by June 2026

Priority Teaching Practices

For this section identify 1-2 Priority Teaching Practices that you will use to move from your current reality to your identified goal above. Please explain why this practice was selected and how you believe it will impact this specific goal.

Relationship Building

If educators intentionally build respectful and inclusive classroom environments by fostering strong relationships, implementing consistent routines, and honoring student identity and voice (aligned to Danielson 2a-2e),

Then students will feel a stronger sense of safety, connection, and community within the classroom, leading to increased engagement, participation, and emotional investment in learning,

And this will result in improved attendance, stronger peer collaboration, and a learning culture where all students feel seen, valued, and motivated to succeed.

How it supports the goal:

When students feel seen and valued, their motivation to attend school and participate increase, directly combating the patterns of chronic absenteeism.

Which state his recrised and values, their motivation to attend school and participate microase, anestry combating the patterns of circumstances.
