

Operational Supports
Center of Excellence Update

A range of business and operational services that support educational excellence in local school districts.

Month: July 2024

Administrator: Sandy Barry-Loken

Update:

As mentioned in June, we received 25 applications for board membership to the KRESA Foundation. A Foundation subcommittee reviewed the applications, conducted interviews with top candidates, and developed a slate of 10 individuals being recommended for appointment to the Foundation board. This recommendation will be considered at the July 18 Foundation board meeting.

We are thrilled with the diverse makeup of the group, which includes individuals with expertise aligned with the Centers of Excellence, as well as various racial and ethnic identities, ages and genders. We'll look forward to sharing more information with you in August.
