**Migrant Summer School**

We are holding Migrant Summer School for Preschool (age 3) to 6<sup>th</sup> Grade students. The program will run from June 7- June 24, 2021 and is housed at the elementary school.

**Learning Loss Grant**

We received approval for our K-4 and K-12 learning loss grants. This funding can be used for tutoring, credit recovery, or other comparable services made available to students outside normal school hours. With the acceptance of these dollars we will have some additional required reporting next year. This includes the administration of the comprehensive interim ISAT assessments and IRI in the fall and winter.
