

Prepared by Dr. Jeffrey Alstadt

2026-2027 School Calendar Development

Administration has initiated the planning process for the upcoming school year calendar. To ensure the calendar reflects the needs of our community, a survey was distributed to both staff and parents requesting input concerning the school start date, the school end date, and preferences regarding Spring Break.

Development Process & Strategic Direction

- The survey was distributed to staff and families Friday, December 12, 2025. The survey closes Friday December 19, 2025.
- We will work collaboratively with the administration team and the Streator Education Association (SEA) to create a draft calendar.
- It is important to note that we are not currently looking to recommend any significant changes to the calendar structure.
- The goal of providing this update is to ensure transparency regarding the process so that all stakeholders are aware that the work is in progress and understand the timeline.

Projected Timeline

- December Board Meeting
 - This item is presented to facilitate an initial discussion regarding the philosophy guiding the calendar development process.
- January Board Meeting
 - The draft calendar will be presented to the Board for review.
- February Board Meeting
 - The final calendar will be presented for Board approval.
- Post-Approval
 - Pending approval at the February meeting, the final calendar will be officially communicated to parents and staff.

Administrative Recommendation For discussion purposes only at this time.
