Opening Week of School

Mrs. Gabany provided the attached document to help provide an overview of the opening week of school along with other events occurring in the month of August. Copies of the book, Lead From Where You Are by Joe Sanfelippo (the keynote speaker), are available tonight to add to your summer reading list. The staff have received copies of the book already.

Administrative Workshop

From August 6-8, the Administration will meet to begin planning and preparing for the upcoming school year. Many of those priorities are addressed in the attached document mentioned earlier.
