**OFFICIAL COMMUNICATION**

**Date: September 18, 2018**

**To: Board of Trustees**

**From: Suzanne Eiben**

**Subject: Policy FNCE (Local)**

Due to recent interest in listening devices and GPS locators by parents for addressing safety for students with disabilities, a section has been added to local policy to provide guidance on use of such devices on campus and at school-sponsored events.

The section "Student-Tracking Safety Devices" requires that such devices with recording or listen-in capability are disabled while the device is on campus because of student privacy concerns.

It is recommended that you approve the addition to policy FNCE (Local). Thank you for your consideration.

Sincerely,

---
