

Elementary Disciplinary Matrix-Approved July 2024

A. Disciplinary action may include but is not limited to:

Meeting with the teacher, counselor, or principal	Detention
Loss of school privileges	Modified school programs
Parental conference with school staff	Removal from class
Suspension (In-School or Out-of-School)	Exclusion
Expulsion	

B. Five levels of disciplinary action have been recommended by Lakeview staff:

All Level 1 and Level 2 could also include “Natural Consequences” at the discretion of the teacher/administrator. Examples include apologizing to the person harmed, walking if caught running, and custodial duties if the behavior causes more work for custodians.

The student's age will be considered when appropriate. The staff has set a natural break in consequences between **K-3 and 4-6**. When children in K-3 have violations in levels 4-5, consequences may be adjusted with input from the behavior specialist and teacher.

The principal has the discretion to adjust consequences depending on the investigation's results. Additionally, the principal will place unlisted behaviors that arise at the appropriate level.

The fact that a student is in an extracurricular or community education activity does not excuse him or her from consequences. Students serving an out-of-school suspension may not attend activities on the day of a suspension.
