Club Meetings

- Discussing events plans
- Exploring how the justice system works
- Gain firsthand experience when going on trips, for example, the police academy.

Budget

All we are asking for is \$500 for the club. Given that we already have a prior commitment of \$1,500, we are requesting this money for a bus to travel to specific events, such as the police academy and prison, on the same day for one of our trips this semester

In addition to a profit, we also benefit from the sale of fall fiesta items

Events

Fall fiesta October 16th

This event enables us to sell items, generating additional revenue to increase the club's profit items to gain more profit for the club. Additionally, to spread the word about the club.

Trunk or Treat October 23rd

As this event will allow members to interact with the community, it will also provide a fun experience for members who have joined volunteered.

Police academy and prison visit in November

Sometime in November, we will be able to attend a police academy and a prison on the same day. This will provide students who want to work in that field with firsthand experience to watch and learn how it goes

A blurred photograph of a crowd of people walking through a series of yellow, arched structures, possibly a tunnel or a modern architectural space. The motion blur gives a sense of a busy, crowded environment.

Thank you
