**RE: E+ Team Award for Administrators and Principals of Secondary Education**

With schools shut down due to COVID19, the task of planning and organizing our 2020 graduation ceremonies proved to be extremely challenging. It required a complete and focused team effort as conditions were constantly changing. Plans had to be revamped multiple times on very short notice.

Our principals, along with their school teams, spent countless hours preparing for what would eventually be a walk-through graduation, as well as a virtual graduation ceremony. Each ceremony turned out to be a tremendous success, providing a unique, memorable experience for graduates and their families.

Weber School District would like to recognize these outstanding administrators with the E+ Team Award for their hard work and dedication in making the 2020 graduation ceremonies a tremendous success!

**GRADUATION PLANNING TEAM**

Secondary Director	Gina Butters
