Student Council- There is testing this week. The kids have been practicing for the NYO games for stem week. The student who wanted the drinking fountain is now in another school so Summer is going to talk to the other students and see if it is something everyone is still interested in. The students want to purchase another 6 scooters that connect together. Summer will present this at the next meeting.

Committee Fundraisers- All you can eat breakfast of biscuits and gravy will be April 28th. Vanessa wants to approve \$80 so they can purchase ground sausage and link sausage. Tara would like to know why they are serving link sausage when there is sausage in the gravy. Vanessa says there are people who want just sausage links. Tara thinks this is a little excessive. We are trying to fund raise and if we are spending so much then we are not making very much profit. We have been very lucky that people so far have donated items. Dawn says that the sausage goes to more than just one breakfast. Paul makes a motion to approve \$80 for the sausage. Vanessa seconds the motion. All in favor, motion passes. Mays fundraiser breakfast will be on the 19th due to the holiday weekend and the marathon.

Lead Teacher- There are a lot of changes going on at the chicken coop. There separating the chickens and will make runs for them later. The chickens seem to be a lot happier and this is important for the breeding program. We should have baby rabbits around the 26th if the breeding took this time. Everyone is very excited about this.

NYO and Stem week are coming up and will be one day in Coffman cove and then three days in Thorne Bay. Everyone is getting ready for this and is very excited to participate. Dawn would like any volunteer to help.

The Naukati School is proud to say we have quite a few musical instruments and would like to see if anyone in the community would come up and teach our kids how to use them. We have a nice assortment of guitars, flutes, fiddles, ukulele and a piano.

The greenhouse hasn't had a lot happen since the last meeting. The students have washed some of the stones. The greenhouse seems to be a frustrating thing for some people. There is a lot of work being put into making something happen with it this year. The fish are doing ok, but not as good as we would like to see. The lettuce is growing, but has aphids. The State Of Alaska guy says that aphids are native to here and we will continue having problems with them. Maybe we could grow lady bugs to help with the problem. The green house is a vented area and the lady bugs probably wouldn't stay though. Hopefully we will be able to keep it under control. The aphids seem to just be targeting the lettuce in the middle bed that is still aqua.

Sports- Middle school basketball is going very good. There are two more games this year. There will be a game this Saturday in Thorne Bay. Then the last game will be the 14th in Coffman Cove.

The kids are really excited about this year and have grown as a team and individuals. Their coaches are very proud of them.

The archery team will be leaving on Monday April 9th and returning on the following Monday the 16th. It looks like Dakota and Nikah will go with Thorne Bay group since we don't have anyone from Naukati going this time.
