Subject:

Purchase of Student Desk and Chairs, Outdoor Student Common Area Furniture

Description/justification:

Purchase of 200 student desks

Purchase of 200 student chairs

Goal 5 Objective 11

Due to the age and condition of the furniture used in the classrooms and student common areas, it has become a safety issue. CMS administration is compelled to address this issue and felt it was enough of a priority to create an objective in the CMS Campus Improvement Plan (Goal 5, Objective 11). Therefore, we are working to replace student desks, student chairs, teacher desks, teacher chairs, picnic tables, playground benches, etc. All the furniture that we currently have was inherited when we moved CMS to the old high school seven years ago. This high school furniture dates back to at least two decades.
