SUPERINTENDENT'S REPORT

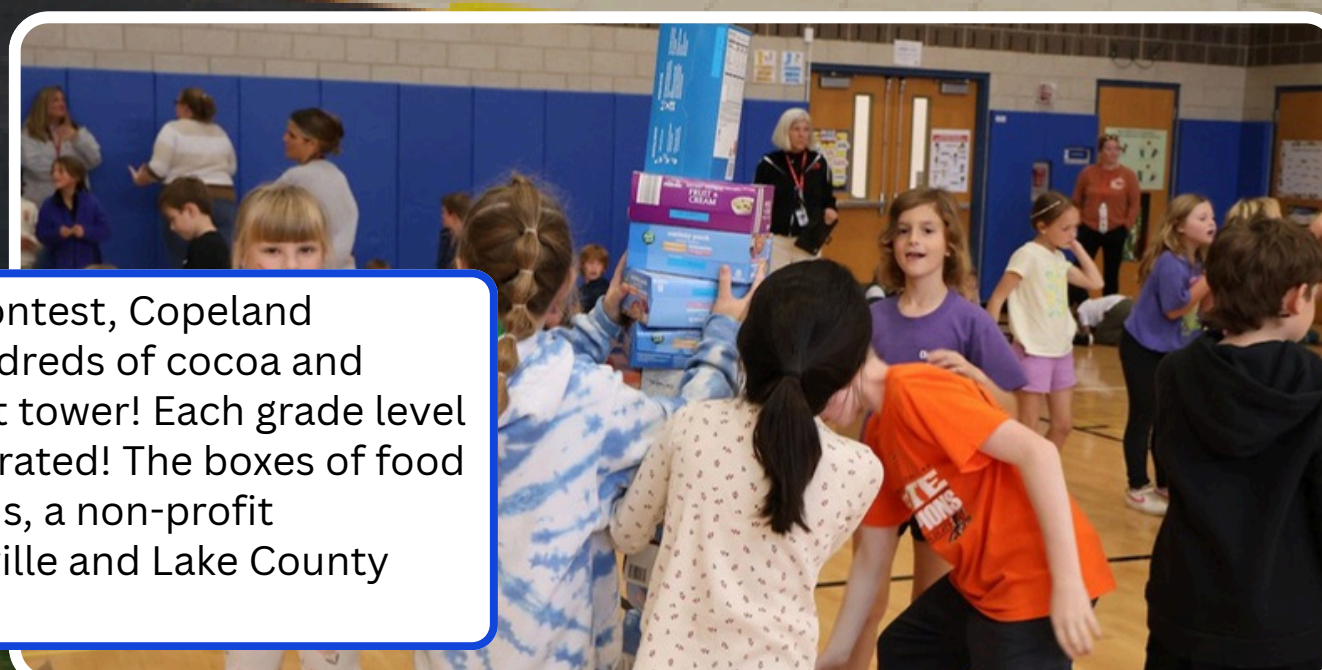

OCTOBER 27, 2025

On October 3, all District 70 staff broke into cohort groups to learn about inclusion, how to recognize and address barriers to inclusion, and how to connect inclusion to our current practices, mission, and vision.

For a school-wide box building contest, Copeland students collected and used hundreds of cocoa and oatmeal boxes to build the tallest tower! Each grade level had winners, and everyone celebrated! The boxes of food were donated to Fill a Heart 4 Kids, a non-profit organization that assists Libertyville and Lake County families in need.

Copeland students sang, danced, and acted their way through a fabulous variety show this month!

2nd graders in Mrs. Koenig's class earned a "Fun Friday," so they made "Connection Bracelets" for Adler students. This aligns with the school's values: Connection, Respect, Kindness, Perseverance, and Responsibility.

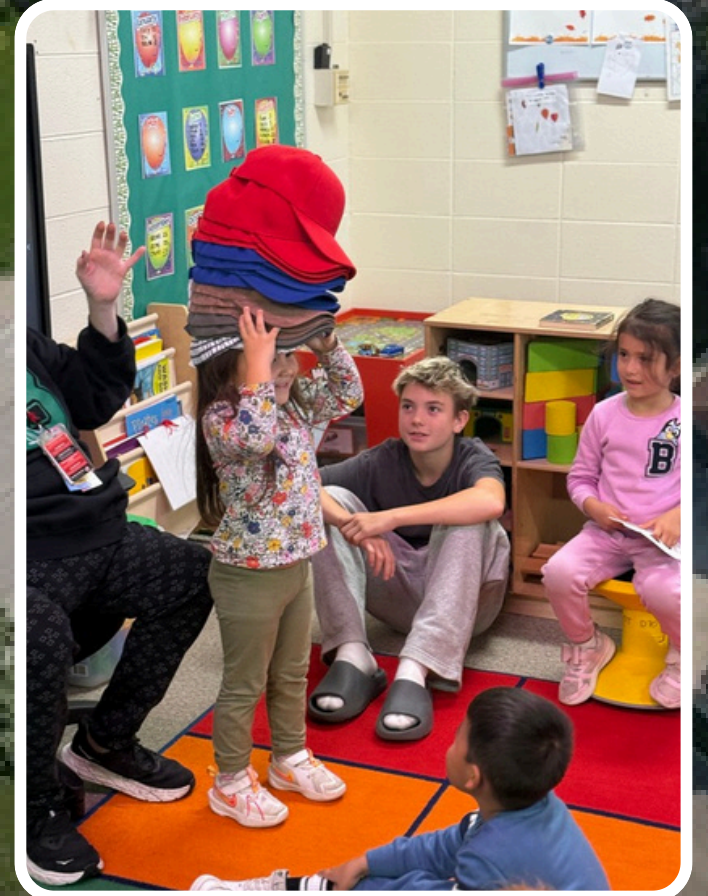

Kindergarten teacher Mrs. Bauer is teaching students how to sit in a restorative circle, instructing them on how to be active listeners to one another and maintain eye contact.

Always time for fun at recess!

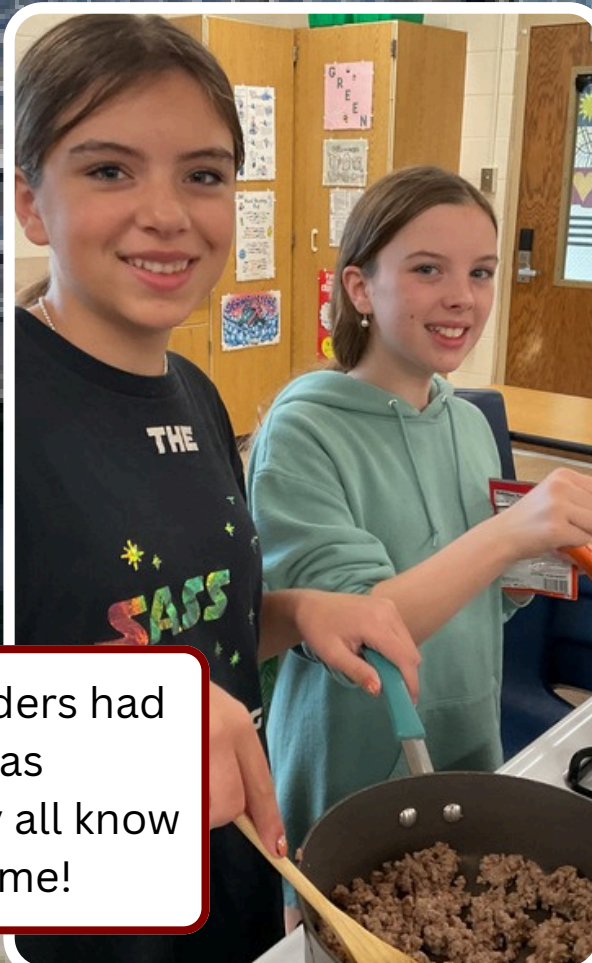

The 8th-grade Child Care Class has students working with the Little Sprout preschool classes at Butterfield with learning child development, CPR, and engaging with the children, and creating lesson plans they will teach next month. HMS students participated in classroom read-alouds, purposeful play, and had fun at recess.

Sewing for sixth graders had them making jellyroll pillowcases and designing t-shirts. Students learned how to thread a machine and a bobbin, as well as how to measure and cut fabric.

Food and Nutrition class for seventh graders had students making tacos and pizza, as well as learning about dough. Don't forget - they all know how to safely clean up, so try it out at home!

**BUTTERFIELD
BULLDOGS**

Students in Miss Pappageorge's third-grade Butterfield classroom measured one another to learn about measurements!

**BUTTERFIELD
BULLDOGS**

Buddy classes, where older students are matched with younger students, are so successful in D70 and at Butterfield School because they create meaningful connections that support both academic and social-emotional growth

Rockland Principal Steve Feldman meets with students, including student council members Petra (president) and Caleb (vice president), to learn more about them and work with them in their leadership roles. These monthly meetings ensure student voices guide a positive and welcoming culture.

Rockland first-grade teacher Keri Rudsell works with students in her classroom as they talk about information she is getting ready to chart for them. They are focused on a CKLA language arts unit.
