Some students may not have been on a trip like this before, out of state. A celebration for the completion of 8th grade and advancement to high school. **List possible disadvantages of your proposal:**

A long day of traveling and possibility of sunburns.

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**

If the school board does not approve, we will have to consider an alternative celebration for the 8th grade class with the funds that have already been raised by students, parents, and community members.
