

Nippersink District 2 Board of Education

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Spring Grove Elementary School April 23, 2025

Curriculum

Spring Grove Elementary School will be hosting the High-Intensity Summer School program, taking place from June 9, 2025, to June 26, 2025. The program will run from 9:00 AM to 12:00 PM, Monday through Thursday. This year, we are recommending 83 students to participate, this is compared to the 105 students recommended last year. The program aims to provide students with intense instruction in both Math and English Language Arts (ELA) to bolster their academic skills and prepare them for the upcoming school year. We are committed to offering a supportive and engaging learning environment to help each student reach their full potential.

School Celebrations

Spring Grove Elementary's 5th-grade students are getting ready to compete in the 2025 Illinois Future Problem Solving (FPS) State Tournament on April 25–26! These amazing students worked hard using teamwork, creativity, and problem-solving skills to come up with smart ideas for big challenges that could happen in the future. The FPS program helps kids think outside the box and come up with new ways to solve problems. At Spring Grove, students are encouraged to be curious, learn new things, and do their best. We're so proud of our 5th graders for making it to state—they're showing everyone what it means to be leaders and thinkers of the future!
