St. Croix Regional Sports Medicine*

The following is an agreement for St. Croix Regional Sports Medicine (SCRSM) to supply a state registered and board certified athletic trainer to Unity High School. The Athletic Trainer will be employed by SCRSM to provide athletic training services for the Unity School District.

Purpose of Athletic Training Services

The purposes of the athletic training services are to:

1. Provide immediate first aid and evaluation of athletic injuries and advise medical follow-up services where appropriate.
2. Return the injured athlete to his/her sport as soon as safely possible and prevent re-injury through the provision of athletic training services to athletes with sports related injuries.
3. Assist in arranging physician/physical therapy consultation when necessary.
4. Create opportunities for students to learn athletic training skills.
5. Assist Unity School District coaches with the safe implementation of performance enhancement and injury prevention training techniques and programs.

The athletic trainer will maintain records of all services provided to the school and to the individual athletes. Confidentiality of medical records will be maintained.

Athletic training services are covered under a professional liability policy paid for by SCRSM. This professional liability coverage applies to the actions of the athletic trainers and/or physical therapists as employees of SCRSM while acting within the scope of their duties and responsibilities.

Coaches and administration of the Unity School District will support the Athletic Trainer's decision when there is a question pertaining to an athlete's welfare. The Athletic Trainer works under the direction of a supervising physician.

Scope of Athletic Training Services

Athletic Training Room Coverage: Athletic training services will be provided on days designated as student contact days for the academic calendar year at Unity High School. Student contact days are defined as those days that students are required to be in school and/or student athletes have needs for athletic training services.

Game/Event Coverage: An Athletic Trainer will provide home game coverage for high school athletic competitions as agreed to by the Athletic Trainer and Unity School District. Higher risk sports will take precedence over lower risk sports at the schools we hold contracts.
