

STUDENT HANDBOOK / STUDENT CODE OF CONDUCT ACKNOWLEDGEMENT

Dear Student and Parent:

As required by state law, the Board of Trustees has officially adopted the Student Handbook / Student Code of Conduct in order to promote a safe and orderly learning environment for every student.

We urge you to read this publication thoroughly and to discuss it with your family. If you have any questions about the required conduct and consequences for misconduct, we encourage you to ask for an explanation from the student's teacher or campus administrator.

The student and parent should each sign this page in the space provided below, and then return the page to the student's school.

Thank you.

Dr. Ray Braswell

The Denton Independent School District annually provides for signed statements by the student and parent that they have received and reviewed a copy of the Student Handbook and Student Code of Conduct. Included in the Student Code of Conduct is the district's *Electronic Communication Acceptable Use and Data Management Acceptable Use Policy*. (See page 40) After reviewing this information together, the parent and student should sign the form below.

"We (student and parent) have received and reviewed the Denton Independent School District Student Handbook and Student Code of Conduct. We understand that we are expected to become familiar with the policies, procedures, and consequences explained in these documents. We understand that the student will be held accountable for the behavior and consequences outlined in the Student Code of Conduct at school and at school-sponsored/school related activities, including school-sponsored travel, and for any school-related misconduct regardless of time or location. We understand that any student who violates the Student Code of Conduct will be subject to disciplinary action. We understand that a lack of knowledge of the policies listed in the plan will not be an acceptable defense in the event of a policy violation."

I understand that in science courses, grades 6-12, my child will be required to identify, use, and apply all laboratory safety procedures and guidelines and to successfully complete a safety assessment. Students will receive detailed information regarding specific safety procedures as they apply to each individual course. Students will also be held accountable for their behavior during laboratory activities and must take precautions for their own safety as well as the safety of their peers.

"I have read the Acceptable Use Policy with my child. We have discussed it together and he/she understands that these expectations apply to the use of the district's computers, telephones, and any other communication technology that is used at school. I understand that the Internet will be used in class activities and that safeguards are being taken to minimize the chance of accessing inappropriate materials. I know that all students will be expected to follow specific directions regarding the use of the Internet whether during class or during leisure time. I further understand that should my child deliberately access a site that is unacceptable for a given assignment or access a site without prior permission, he/she will be referred to an administrator."

"We further understand that school counselors will assume consent to work with students unless otherwise requested not to in writing."

Please sign, detach, and return to school within one (1) week of enrollment.
