

**Homedale School District
Transportation and Maintenance**

Design West will begin working on our heating project at the high school.

Transportation: I have talked to several different school districts about how they compensated their bus drivers after going to a four day week.

- **Shoshone:** Gave their drivers jobs within the schools.
- **Marsing:** Gave their drivers jobs within the schools and this year they have lost all but 5 drivers due to low pay.
- **Gooding:** Gave their drivers a raise.
- **Wendell:** Pays their drivers a rate of \$16.52 per hour for routes and the activities are the same pay of \$16.52 for driving and sitting. They also have “pay to play” that helps for bus trips.

Currently we pay \$12.59 for driving and \$7.52 for sitting time for our activity trips. We currently \$18.89 per route for regular routes.
