Violations of this code of conduct will not be tolerated. As a teacher, I have the expectation and hope that all students will come to school with the control and self-discipline that will allow them to participate in the classroom setting. It is absolutely imperative that no student be allowed to disrupt the learning environment. When this situation arises, it becomes necessary for us to take corrective measures and to assist students in understanding that there is a definite <u>connection</u> between their level of <u>effort</u> and <u>behavior</u> and their <u>academic</u> outcome as a student.</p>
