Building Update

Over the summer, several building updates were completed at SGE to improve accessibility and functionality for our students, staff, and visitors. The new stairlift will be operational for the 2025-2026 school year, ensuring that all individuals can more easily access all levels of the school. In addition, the last of the school's aging lockers, which had begun to rust and deteriorate, were removed. In their place, we have introduced a fresh, open design featuring hooks for backpacks and coats, along with designated spaces for shoes and boots, creating a more welcoming and organized environment. We extend a heartfelt thank-you to our custodial crew for their hard work and dedication in getting the school ready for another successful year.
