BE RESPONSIBLE

BE SAFE

BE EXCELLENT

MAY 2019 SCHOOL BOARD REPORT

Wisconsin Forward Exam and STAR testing

We completed our final round of testing for our students. Through the use of standards based learning, many students have shown growth in many different areas. The Frederic Elementary team looks forward to getting the results of our Wisconsin Forward exam to see if that growth carried over into state testing.

Mya the Therapy Dog

Jim Murphy and his 9 year old Golden Retriever, Mya, have been joining the students on Wednesday morning. Mya is a certified Therapy Dog. Students get the opportunity to read to Mya. The students love to read to Mya because she is a wonderful listener who helps build their confidence.

New Administrative Assistant

Ms. Sylvia Stockman has been with the team since April 17th. Her calming and welcoming personality has truly been an asset to the Elementary front office.

Summer School

Class schedules and locations are all set. The 2019 Summer School sessions will include using both buildings, brand new classes, and having more hands on learning experiences within the community.

Colossal Fossil

On April 18th, students got to experience what prehistoric Wisconsin would have looked like. They got to see spears, extinct animals and were explained about hunting strategies.

Pow Wow

On May 7th, students took part in a Native American Pow Wow. Students and families danced and learned about Native American culture from members of the Ojibwa tribe.

Pioneer Museum

On May 17th, students went back in time and experienced what life was like during the pioneer days. The museum's village includes a church, jail, school house, farmstead, barber shop, post office, general store, saloon and more. Some activities the students participated in included: Vintage Baseball, Peg Making, Clothes Washing, and Butter Making.

Taylor's Falls Boat Ride

On May 22nd, students will get to experience a Scenic boat tour in Taylor's Falls as they get a hands on learning experience about water.

Track and Field Day

On May 24th, students grades K-5 will compete in the Annual Track and Field day. They will try their best in the frisbee throw, softball throw, long jump, high jump and many different racing events.

Bike Rodeo

The 2019 Bike Rodeo on May 28th is a coordinated effort between the Frederic Police Department, Amery Chief of Police, Tom Marson, and Northland Ambulance to teach students about Bike Safety. The students will bring in their bikes, have them checked to make sure they are road worthy, and learn the rules of the road.

Kinship

On May 6th, students got to celebrate a year of mentorship. High schoolers and elementary students both benefit from these matchings as it gives them both a unique connection.

RACERS Feed my starving Children

The 5th grade leader team (RACERS) will be going to Feed My Starving Children as a culminating event for all of their charity work that they have done all year.

Ms. Megan Challoner-Elementary Principal
