

**FOREST LAKE AREA SCHOOLS
FOREST LAKE, MN 55025**

May 7, 2015

AGENDA ITEM: 9.3

TOPIC: BOND SURVEY

BACKGROUND: The School Board has voted to hold a bond election on November 3, 2015. In order to maximize communication with the public about the bond, a survey could be conducted to determine what components of the bond are community members aware of and to what extent do they understand the components. In addition, the survey could provide information on the types of communication that would be most effective in reaching community members.

PROCESS: Surveys such as this typically take six to ten weeks to plan, administer and report on the results.

RECOMMENDATION: School Board discussion and action.
