Election Day: May 12

Early Voting Sites – Has been determined by Parker County Election Office (in Election Order)

Voting Day Sites – To be determined by Parker County Election Office

E.. Bring your Own Device- In late March of 2012, Aledo ISD will be launching a pilot program allowing students at Aledo High School (grades 10-12) to bring their own electronic learning device (iPad, kindle, laptop, etc.) to school for use in the classroom to enrich their learning experiences. They can use them for taking notes, doing research, or reading. It is NOT a requirement for students to have a device in order to be successful at school nor will use be unlimited. The purpose of this pilot is simple: To observe how students can use their electronic devices in the classroom to enhance their learning.

Here are the basic guidelines we will follow:

- Students may bring a device after parents have signed a user agreement acknowledging responsible use rules and that the school is not responsible for the performance, maintenance and/or repair of a student device, nor if it is lost or stolen at school.
- Teachers will allow responsible use of electronic devices but reserve the right to restrict student use if in the judgment of the teacher, it is being used inappropriately.
- Teachers will not be required to alter the delivery of lessons or to integrate the use of electronic devices into their classroom instruction. It is strictly optional at this point.
- Because students are not required to bring a device to school, their success in class should not be dependent on having a device at school.

The pilot will hopefully provide some valuable feedback as we study the gradual roll out of a BYOD in the future.

F. The Terry and Helen Hyles Attendance Award for Teaching Staff

We will draw 10 names of teachers who have been absent two days or less the first semester. Each of the recipients will receive \$200.

FISCAL NOTE: None

Administrative Recommendation: Report Only
