Goals for the Proposal

Equity

Provide equity in services. Our current model of elementary schools is built to serve 750 students.

Relationships

Work to rezone families as few times as possible in order to build lasting relationships at each campus.

Access

Set boundaries as close to their neighborhood schools as possible.

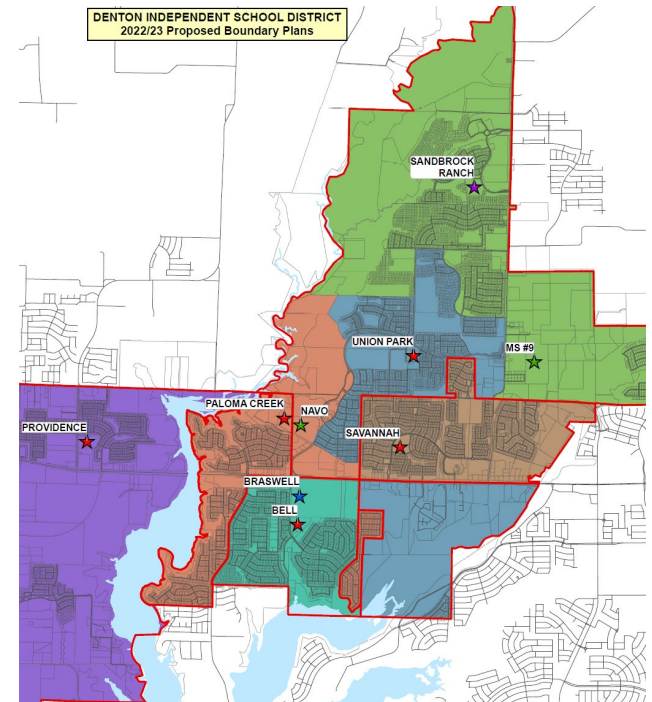

Current Boundaries

Recommendations from Public Meetings

Frequently Asked Questions

Questions

- ▶ My child is receiving special education services. Do I have to move my child?
- ▶ My child is in 4th grade this year and will be a 5th grader next year. Does he or she have to move campuses?
- ▶ Will there be transportation to the new school?

Answers

- ✓ Special Education students are looked at on a case-by-case basis.
- ✓ 4th graders who will be 5th grade students in the fall may continue to attend their current school as long as the parent is willing to transport the student. Siblings of the 5th grader may request a transfer for 1 year only.
- ✓ Transportation will only be provided for those students in the designated area.
