

Volunteer Award Nomination
Weber School Foundation

It is with great pleasure that I nominate Kim Skidmore for the volunteer award. I have had the privilege of working very closely with Kim, whose unwavering dedication and support to the Weber School Foundation over the past decade deserves immense recognition.

Kim's journey with the Foundation began when she and her husband, Josh, attended the Christmas Tree Jubilee for the first time. From that moment, they were captivated by the cause and were determined to contribute their efforts in any way possible. While Josh joined the Weber School Foundation board, Kim dove headfirst into volunteering, showcasing her commitment at every turn. Kim went above and beyond to rally her friends, urging them to attend Christmas Tree Jubilee and share in the vision of raising funds for children with special needs and all students within the Weber School District.

Kim led as the Christmas Tree Jubilee tree chair for two years. Her organizational skills, recruitment prowess, and ability to create an enchanting tree room resulted in record-breaking numbers of donated trees. Much of this success can be attributed to Kim's tireless efforts. Having proven her capabilities, Kim accepted the challenge of becoming the event chair for the Christmas Tree Jubilee, a role she fulfilled for an astounding six years. Throughout this period, she demonstrated unwavering support to the Weber School Foundation, its staff, and all the dedicated volunteers involved.

Taking on the role of Christmas Tree Jubilee chair demanded countless hours of selfless dedication, diverting time away from other aspects and responsibilities in her personal life.

Thanks to Kim's exceptional support, we have been able to raise hundreds of thousands of

dollars, benefiting the 33,000 students within the Weber School District. Kim Skidmore's contributions to both the Foundation and the school district at large cannot be overstated. Her selflessness, determination, and ceaseless efforts have made her an incredible asset. We are truly fortunate to have such charitable individuals within our community, and Kim Skidmore's exceptional commitment exemplifies the very best of volunteerism.

In recognition of her exceptional service to the Weber School Foundation, I wholeheartedly endorse Kim Skidmore as the most deserving candidate for the volunteer award. Her achievements and impact have left an indelible mark and embody the spirit of selflessness that inspires us all.
