Teacher Tip of the Month

by: Cassie Kinsland, ALC Special Education Teacher

There is a new way to stay updated and in touch with PACE! We are using Remind: a free service that allows us send quick messages via text, push notifications, or email. Of course, we will still contact you as we always have, but some families have been requesting other contact options and Remind is our solution!

If you would like to use Remind, you can choose which method of contact you prefer.

To receive messages via text message:

Step 1 Text the class code to 81010

Step 2 Reply to the message from the Remind team with your first and last name, and you're in!

To receive messages via push notification:

Step 1 Download the Remind app on your Android or iOS device, or go to rmd.me/a to install the app.

Step 2 Once you've downloaded the app, create a parent account with your email address.

Step 3 Go to the Classes tab, tap the +, and enter the unique class code. Get the code from your contact teacher.

Using Remind is not required. It is just a flexible option for families as another communication tool. If you choose to use Remind, but need a bit of help getting started, feel free to ask your contact teacher for assistance!
