Prospect Heights School District 23

700 N. Schoenbeck Rd Prospect Heights, IL 60070

RFP FORM 470 #260002606

Thank you for trusting Greatline with your network cabling upgrade needs. Greatline has been in business for 34 years with an outstanding reputation for delivering to school districts a quality structured cabling installation. WE clean up after ourselves, we fire-stop any cores we make, we work well with school staff, we follow industry TIA and BICSI standards for optimal performance and we are part of your solution from beginning to the job completion. Greatline is an IBEW Union shop with a staff of 20 technicians. Each technician goes through a 5-year apprenticeship and Journeyman are required to attend continuing education classes yearly. Greatline has annual sales revenue of seven million dollars per year with the majority coming from Schools and Education facilities.

We have participated in the E-Rate program for many years and consider it very easy to process and understand. Our SPIN# is 143007717 and Greatline's FCC Registration# is 0024187718. We can help you through the E-Rate process at any stage. Greatline was incorporated to do business in Illinois in 1992.

PROSPECT HEIGHTS SD 23 Scope of Work:

Provide and install a **Commscope Uniprise Cat6a Plenum Solution** for Ross and Sullivan Schools.

Betsy Ross Elem School:

600 N Schoenbeck Rd Prospect Heights, IL 60070-123

Two-Port Drops: 78

Four-Port Drops: 4

Cabling for Access Points: 32

Printer Drops: 4

Cable Locations Moves: 3

New Metal Raceway Locations: 9

Anne Sullivan Elem School:

610 N Schoenbeck Rd Prospect Heights, IL 60070-1231

Two-Port Drops: 70

Four-Port Drops: 4

Cabling for Access Points: 29

Printer Drops: 3

Cable Locations Moves: 7

New Metal Raceway Locations: 12

Greatline will reuse the existing Bridal Rings as well as add new Cat12 and Cat32 J-Hooks as needed to properly support the cables above the drop ceiling. We will install conduit wall sleeves from the hallway into each room where needed. I cannot emphasize the importance of properly supporting your new cabling plant. We will install Saddles for your existing bridal rings. Saddles are an add on part to help support your cables when using bridal rings. Conduit wall sleeves for your classrooms and MDF/IDF are needed so I included those in the bid.

Greatline follows TIA and BICSI Industry Standards. Greatline has one BICSI RCDD on staff who will oversee the project.

Greatline is a Commscope Uniprise Certified Installer. 25 Year Warranty Included.

Greatline has included a 2 Year Contractors Warranty which covers replacing broken or non-operational wiring or wiring components due to ordinary use.

First shift Union labor is included. All techs live in the Chicagoland Area.

Greatline is a local contractor.

CONDITIONS:

- 1) This proposal is contingent on SD 23 receiving E-Rate approved funding during 2026.
- 2) This proposal is based on a continuous work cycle with no delays performed during first shift, Monday through Friday.
- 3) This proposal includes removing old cables from the site.
- 4) Our quote is firm and will not be withdrawn for a period of 60 days
- 5) Bid Bond included.
- 6) Questions and Responses included.
- 7) Project Schedule is 8 weeks during the Summer of 2026.

Eligible Costs \$140,814.00
