POSTPONEMENT OF HEALTH CURRICULUM

ACTION REQUIRED

BACKGROUND OR SUMMARY

We are requesting the school board's approval to postpone the adoption of the K-12 health curriculum due to the current focus and resource commitment required for the science curriculum adoption process. This temporary delay is necessary to ensure both adoptions receive the attention and stakeholder input they require. By aligning our timeline appropriately, we can better meet Division 22 standards and ensure high-quality, standards-aligned instruction for our students. Board approval of this postponement will help us remain in compliance while maintaining a thoughtful and effective curriculum adoption process.

ACTION REQUESTED:

Recommend Board approval of the postponement of the adoption of the K-12 health curriculum.

MOTION REQUESTED:

"I move to approve the postponement of the adoption of the K-12 health curriculum."
