

Special Programs Board Report

January 2013

Special Education:

We completed our annual audit and file reviews this last month. Of the 141 indicators for files, four were in need of corrections. This tremendous work and effort by the Special Education department has received accommodations from ODE and neighboring districts who receive the files. If you see a Special Education teacher, please thank them for their hard work and tenacity.

ESL: caseload

K-3: 6

4-8: 2

HS: 1

Migrant Education:

Pre-K/12: 2

Title III: ODE will be conducting a formal site visit for Title III this month. They will be meeting with families, interviewing students and teachers, and observing services to ELL students in the district.
