

Transportation Updates

Completion of routes

- The bus routes for the 2011-2012 school year are complete except for making adjustments for students in the walk zones that are unsafe and routes for the alternative program.
- Students that reside in walk zones that are considered to be hazardous have been assigned to a bus route.
- The target for the earliest pick-up is 6:00 a.m. Adjusts will be made daily to reach this target. All students except walkers are scheduled for a bus.
- Car riders will be identified during the first 3 weeks of school.

Publishing Date

- The routes for every school will be published to the District's website on July 20, 2011.
- Individual schools' routes will be posted to the schools' websites.
- The Daily Journal will announce the completion of the routes the week of July 25, 2011.

Carver/Church and Lawhon

- 2010/2011
 - There were 5 bus routes for Lawhon and Carver.
 - There were 3 bus routes for Church Street.
- 2011/2012
 - There are 7 bus routes scheduled for Carver/Church and Lawhon.
- The amount of bus routes will decrease by 1 route.

Bus Safety

- All except four buses have working cameras installed. The 4 new buses purchased in the spring have yet to have cameras installed on them.
- Hazardous walk zones will remain the same as the 2010-2011 school year.
 - Adjustment from passed practices---changes occurred prior to the start of the school year.
- Walk zones and bus stops in unsafe areas are being identified. Students in these areas are being scheduled for bus pick-up.
 - Identifying unsafe areas will continue throughout the year.

Staffing

- All buses have a driver.
- Two substitute drivers are being recommended for back-up drivers.
- All buses that require a bus monitor have one assigned.
