Purpose of Agenda Item: Information only

Administrative Recommendation: Place on the next consent agenda to approve the appointed members of the School Health Advisory Council, as listed on the membership roster for the 2025-2026 school year.

Background Information: Texas law requires the establishment of a School Health Advisory Council (SHAC) for every school district. SHAC aims to ensure the district's health programs reflect local community values. Notably, the SHAC is responsible for making recommendations to the Board on a wide variety of issues regarding student health in district programming and curriculum. The Board must appoint at least five members to SHAC. The majority of the council must consist of parents of students enrolled in the district who are not also district employees, with one parent serving as Chair or Co-chair.

The year in review for the School Health Advisory Committee will highlight the key initiatives and accomplishments of the 2024-2025 school year, showcasing the committee's efforts in promoting student health and wellness across the district. This review will underscore the programs implemented, progress made, and the overall impact on enhancing the well-being of our students.
