

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Curriculum:

2nd Grade Visit to Rockford Children's Museum:

On December 2nd, the 2nd graders visited the Discovery Center Museum in Rockford, where they took part in a variety of engaging, hands-on activities that brought science to life. Students explored physics, chemistry, engineering, and earth science through interactive exhibits such as Color & Light, the Makers Space, Construction Zone, Farming, Simple Machines, and Electricity. Each area allowed them to experiment, build, test, and discover new concepts in exciting ways. A highlight of the day was a live chemistry demonstration, where students learned all about polymers and watched science in action. It was a fun and meaningful learning experience that sparked curiosity and excitement for science!

Celebrations:

5th Grade Music and Band Concert: It was another amazing night of music at RGS! The 5th graders shared their love for music with a holiday theme. The 5th grade band took over with a performance of their new skills and sharing their new musical talent with our families with a holiday and rock and roll flare.

Family Reading Night: Thank you to Jennifer Hamlin, Lenoir Marks, Caryn Marshall, and Megan Sprout for supporting the Nippersink Library on November 20th from 5-7pm, during the library's Family Reading Night. Their love of literacy is apparent every day at RGS and we appreciate them sharing their passion for reading with our students and community.

Upcoming Dates

- January 5th - Staff and Students Return from Winter Break
- January 13th - Start of the 3rd Quarter
- January 16th - SIP Day
- January 19th - Martin Luther King Jr. Day - NO SCHOOL
