

LEVELOCK February, 2020 Site Report

<b>To: Superintendent Ty Mase and LPSD School Board Members</b>	<b>From: Joe Ward, Principal</b>
<b>Outstanding Activities and Events</b>	
The elementary class hosted the school for a pancake breakfast. The breakfast was held to celebrate 100 days of school. Ms. Callander cooked pancakes for everyone and had syrup, strawberries and whipped cream to top them.	
<b>Community Relations</b>	
Our school had two incidents in February that required calling law enforcement. As a result, it provided an opportunity to build a stronger working relationship with the village council. The whole community is grateful to Mr. Mase, Ms. Luke. Mr. McDermott and Board Member, Stacy Hill, for meeting with our community on Feb. 17. While there is much to do to address the problems of our community having a negative effect on students, the conversation has begun. Later that same week, a situation arose that led the village council to call another meeting with students and parents. The staff made flyers and spoke with every parent to encourage them to be a part. The council members explained plans to begin holding a tribal court. They also encouraged parents and students to share ideas with the council so that more activities for young people could be provided.	
<b>Curriculum Progress</b>	
Under the leadership of teachers and our tutor, Allison Stern, students are completing their argumentative papers and beginning their narratives. Ms. Stern also helps students with math and reading.	
<b>Pupil Attendance</b>	
Attendance is becoming a growing concern at Levelock. While many absences may be attributed to illness, a number of students have missed enough school for it to be a significant factor in their lack of progress.	
<b>Facility</b>	
A camera has been installed in the entrance of the school.	

8<sup>th</sup> Grader, James Chukwak applies whipped cream to his pancakes while Ms. Callander operates the griddle and 1<sup>st</sup> grader, Kiahna Andrew looks on.

In the front, 1<sup>st</sup> grader, Avery Myer, colors and 7<sup>th</sup> grader, John Tallekpalek, enjoys his pancakes. 6<sup>th</sup> grader, Maddy Apokedak, and 9<sup>th</sup> grader, Karen Chukwak head to a table. In the back, Kelly Chukwak and Greg Andrew add toppings to their pancakes.
