## Decision Day

Decision Day was originally called Signing Day, and was meant for athletes who were signing to a college team. Through a national campaign, this day was changed to honor -every- student who graduates. Graduating from high school is a huge undertaking, especially when you experience a pandemic in the middle of your high school years! Every graduate deserves to be recognized!!!

Representatives from BCC, SKC, UM, MSU, and Northern were on hand and online to welcome new students into their institution as a student as well as an athlete! We have two students accepted into UM Honors College and have students going to college on a Rodeo, Wrestling, Basketball and Football scholarship. We have a few attending school out of state and one to an Ivy League school-Dartmouth!

We honor you today, Class of 2023! In our uncertain times it's more stressful than ever to pick a pathway after graduation, and yet - here you are! You did it!

## ACT, PreACT, Moasic Testing

Mrs. Sinclair-Boggs, BHS Instructional Coach along with GEARUP staff; Mrs. Magee and Ms. Goss began the task of making sure all our 9<sup>th</sup> and 12<sup>th</sup> grade were assessed with the Mosaic Assessment. Mosaic measures student social and emotional development and growth with this formative assessment. 10<sup>th</sup> grade students then took the Pre-ACT test; which is a low stakes pre-exam for the ACT test. Our 11<sup>th</sup> graders were given the ACT test, which is a standardized test used for college admissions. Finally we had 1

student required to take the Multi State Alternate Assessment (MSAA) and that was completed within the timelines for the assessment.

OPI looks at the percentage tested for our school as well as composite scores as an indicator for improvement. We will not know the score results until sometime in June. Our completed assessment rate: ACT=78 student tested 74%, Pre-ACT 80students tested 74% and the MSAA 100%. Mosaic=numbers are not available at this time.

OPI also monitors our AimsWeb testing for ELA and Math will begin next week. This is our final benchmarking period.

**We have many positives happening at BHS!-**

**Shout out from Vo-Ag Land**

I just have to brag on my kids. 7 students applied for an internship with Piikani Health Lodge this summer. Over the last 2 weeks they have written letters of intent, resumes and preparing for interviews. This week during the classes they have with me, they are doing zoom interviews with 2 directors from here and one from Cornell University! Lish, Randy, Trenden, Emily and Amari are done with their interviews. Natalee, and Shaylee are doing theirs today. If you see them around, please tell them "good job" Jimi Champ

**Pictures of Recent Projects in Mr. Miller’s class. Testing bridge building weight capacity and relay baton etching with the laser cutter.**

**Attendance Incentives**

The attendance committee took students to the movie CREED III and a trip to Pizza Hut. Their good attendance paid off to earn these incentives!
