- As has been the case in years past, I have received many positive reports on the great behavior our students show on field trips. I really appreciate the way they have represented CRES and the C-I school district.
- Kyle Benson was honored as an NJPA Teacher of Excellence at a banquet at Grand View on May 1st. Kyle has been a great addition to the 5th grade team and the CRES family.
- The CRES scheduling committee has finalized a schedule for next year, and we have begun presenting this to the staff. Some features include a 9-day cycle for the specials rotation (PE, Music, Tech & Innovation), 50-minutes specials, 60 minutes of common prep time for grade-level teams each day, and teacher-supervised recess. There have been many positive comments as this has been presented to teachers, and we feel this schedule will help make CRES and even better school for students.
- We are currently on pace to see a 51% decrease in the number of Minor Incident Reports and a 26% decrease in Major Incident Reports earned by CRES students when compared to last year.

Respectfully submitted;
Kurt Becker
