### **WIDA Kindergarten Screener**

Angela Correa has been scheduling individual screener times for students to administer the W-APT screener assessment. This assessment is typically given at kindergarten registration in the Spring for any students whom might qualify for English Learner services based on the home language survey. We have been in contact with WIDA at the national level and they have developed a remote screener to be used if necessary. They are also working on providing a remote version of the ACCESS 2.0 assessment given January-March to all qualifying English Learners.

### **Distance Learning Professional Development**

We are working on developing professional development on distance learning best practices for our teachers utilizing *The Distance Learning Playbook* by Fisher, Frey, and Hattie. It will focus primarily on setting up the online learning environment, teacher-student relationships from a distance, engaging tasks, and planning instructional units for distance learning.
