Re: TASB Local Policy Early Updates from the 89th Legislative Session

Local policy revisions require Board approval. The recommended changes align local policies and practices with recent legal policy updates provided by TASB. Relevant departments reviewed the proposed revisions and approved the updates. The 89th Legislative session included numerous policy changes which are not all reflected in this motion. TASB is working to get those prepared and are hopeful to have them out in September for school districts. However, there were four local policies that TASB has stated we need to take action prior to that date. All relevant departments reviewed the proposed revisions and approved the updates.

Early Update from the 89th Legislative Session:

EFB (Local)- Instructional Resources/Library Devices- Revise

FD (Local)- Admission- Revise

FM (Local)- Student Activities-Revise

FNCE (Local)- Personal Communication Devices/ Electronic Devices-Revise

RECOMMENDED BOARD MOTION: I move that The Board approve the TASB updates to local policy and add local policy as recommended.
