

Timestamp	The school board and committees are working in the best interest of the students and CCS.	I would describe CCS as a safe and orderly place.	My child's teacher is accessible, responsive, and communicates appropriately.	Someone at CCS cares about my child.	My child is well prepared for their next level of schooling through the curriculum, testing, and supplemental resources offered at CCS.	My child has access to the tools and resources needed to be successful as a student.	If no, what tools or resources does your child need?	CCS is committed to learning and applying ideas to improve our community and environment.	I would recommend CCS to other parents for their children.	Which of the following fee-based programs would you be interested in for your child(ren) if made available at CCS (After school care, Art, before school care, cooking, computer literacy, plants/gardening, crafts, recreational sports, world languages, others please list)	"New parents only" Why did you choose CCS for your child(ren)?	The thing I like most about CCS is...	One thing I would like to change about CCS is...	In what ways do you see your child(ren) promoting the mission of CCS: "Growing environmentally literate, community impacting learnings of excellence"?
