March 2020

Welcome to North Valley High School

North Valley Community,

The first semester has come to a close, and I just want to inform our community about the greatness going on at NVHS as well as what is on the horizon. We have received some wonderful compliments about our students throughout our community and from schools, parents, and substitutes from afar. It is very evident that our students are beginning to embody our 3R's and make Respect, Responsibility, and Resilience a part of who we are as a school. Many thanks to our students, staff, coaches, and parents who represent us so well.

With the close of the first semester, students have two weeks to make up any "incompletes" from their 1st semester classes. Our staff is working hard to help students achieve their academic goals and keep everyone on-track for graduation. Check out your student's grades on ParentVue and encourage them to complete/make-up any classes that they need to from the first semester. Also, with the new year comes new goals and resolutions. Please encourage your students to make their academic success a priority for 2020.

Finally, activities are in full swing here at the school. Winter sports are gearing up for the post season and spring sports are anticipating their start. The play is rehearsing and our 21st century after-school classes are thriving. We will be offering classes such as dance, woodshop, culinary arts, among others. Encourage your student to participate and learn a new skill. For all our activities, make sure to check out the website so you don't miss anything.

Thanks for all your support,

Erik Lathen
