

NOTICE: During the 88th session, the Texas legislature passed HB3033, amending Chapter 552 of the Texas Government Code by adding section 552.0031. The statute is effective September 1, 2023, and clarifies the definition of "business day" to a day other than Saturday or Sunday, a national holiday, or state holiday.

Additionally, the new rule requires a governmental body to identify 10 days each calendar year that the governmental body's administrative offices are closed or operating with minimum staffing as non-business days. All other days the administrative offices are closed would be considered "business days" under the new statute.

After state and national holidays are considered, the following dates will be considered "non-business days" for WSISD for the period of January 1, 2025, through December 31, 2025:
