PRINCIPAL'S MESSAGE

By Casey Alderson, Principal

Congratulations to the students of Illinois Valley High School!

The 2013/14 school year is a third of the way gone and we are on track for one of the best years ever! Students are engaged, active participants, and focused on academics at IVHS!

It is important that we continue the momentum and not be content with what we have accomplished, but strive to continuously improve on what we do!

This point of the year is very important for students and will need lots of support at home, as well as school. Students will begin their **statewide testing** this month and will need to be ready to go! Students in Oregon need to show proficiency in **Essential Skills** and the **OAKS Test (Oregon Assessment of Knowledge and Skills)** in Reading, Writing, and Mathematics. Next year, the State of Oregon will be changing to the **Smarter Balanced Test** to accurately assess the **Common Core State Standards**. This test will have major changes in the amount of rigor and in-depth understanding and is going to be a challenge. We are committed to helping every student pass these tests as they are required by the State of Oregon for graduation.

We will be testing every student this year on the OAKS test, as a passing score will replace the need to pass the newly adopted Smarter Balanced Test. Please encourage your son/daughter in

preparing for this test and help remind them of the importance of doing their best.

As I have said before, my main goal as the principal of this school is to help students have all their options open at the end of their senior year. I want every student who wants to go to college or other technical training to be able to have that chance. For our students that are going to enter the workforce after high school, I want them to have the skills they need to do those jobs well. Strong academics is the major focus of keeping options open, but students will also improve their options by having a responsible work ethic, learning self-control and self-discipline, and getting involved in school activities.

Please know that you as parents or guardians are a huge part of this goal. Parents who help to get their students to school regularly and enforce standards at home that include time for homework are showing their children the value of education and its impact on their futures.

Your continued support and input helps us help your students!!

**From the IVHS Staff,
Have a Safe & Enjoyable
Thanksgiving**

After receiving an automated call concerning your student's absences from our phone messaging system, **Syner-voice**, please call the school the next morning to clear your student's absences. The number is 541-592-2116; ask for the attendance office. It is very important for you and your student to have these absences cleared. When you get a call from the school using **Synervoice**, it is important that you say "Hello" as this triggers the message. If you have voicemail, it will leave a message. If you have email registered with the school, we will often send emails as well.

October 2013 Staff Recognition

Erica Butler has juggled Leadership, teaching Math, Coaching Volleyball, and her Title One Coordinator duties this past month and a half and has helped set the tone that leads to

student success. Her passion for helping students makes her an integral part of our staff. Erica has fostered the leadership amongst our student body and creates opportunities for kids that they can learn from and build leadership skills that will prepare them for success outside of school.

Heather Merrill has also made a difference with kids at IVHS. She helped work through summer school, helped coaches clear student eligibility for athletics, organize coaches trainings, and most importantly, been an advocate for students that are in need of support. She has a great rapport with every kid at IV and is someone who really cares for kids. Plus, she always has a smile on her face!

November 2013 Staff Recognition

Melissa Farmer – has done excellent work in the classroom, as well as her leadership abilities with the district-wide science collaborative. Melissa has organized meeting dates and

helped lead the science departments' efforts to create common assessments, develop common scope and sequence, and fine tune their curriculum. Melissa also puts in numerous hours as an ECMC mentor, helping students develop goals towards higher education and taking trips to visit potential colleges. She has also been the SMILE coordinator for IVHS and has worked with students before and after school in preparation for Science, Math, and Engineering competitions.

Trudy Stehelin – As our Librarian, Trudy has done an amazing job connecting kids to books and finding books that get them engaged. She coordinated the Book Fair and is also an advisor for Battle of the Books at IVHS. Her themes in the library are always well designed and the excitement in our library is a product of her hard work and passion for books. She is continually looking for ways to plug kids in to reading, connecting classroom units to books, and working with our local library. She is a big part of the academic success at Illinois Valley High School!

ASPIRE RESOURCES

IVHS has many resources for students who are interested in pursuing further education after high school. Through our **ASPIRE** program, students and parents can receive one-on-one mentoring on college and technical school options, admissions, financial aid and scholarships. **ASPIRE** is open to all students. To sign up see Ms. Bates in the Career Center.

FAFSA

Register for your FAFSA pin number at www.pin.ed.gov and have your student ALSO register for a pin of his/her own. **Plan to submit your FAFSA in the first week or two of January;** the sooner you complete the form, the sooner the four year colleges will be able to send you their financial aid offer. The online application to complete the FAFSA is: www.fafsa.ed.gov

IVHS Scholarship Packet

Go through the IVHS Scholarship Packet found at: jocoeducationfund.com. Read all of the instructions on the site, and decide which scholarships you want to apply for. You will need:

- ⇒ **Two letters of recommendation** (one must be a community member, friend of family, church, etc.),
- ⇒ **two check-off recommendation forms from teachers,**
- ⇒ **Income Verification form,**
- ⇒ **Transcript release form, and,**
- ⇒ **Responses to four essay prompts** (about 180 words max each essay prompt).

- 1) Explain your career aspirations and your educational plan to meet these goals.
- 2) Describe a significant change or experience that has occurred in your life. How did you respond, and what did you learn about yourself?
- 3) Describe a personal accomplishment and the strengths and skills you used to achieve it.
- 4) Explain how you have helped your family or made your community a better place to live. Please provide specific examples.

*Note: these same essays are used when applying to OSAC scholarships**

See jocoeducationfund.com for complete instructions and all forms. Seniors, remember you can use the same letters of recommendation that were used in your Senior Forum class. Students can bring in Scholarship Packet materials to Sara Creek, in the Counseling Center.

Apply for the **Oregon Student Assistance Commission Scholarships (OSAC):** Complete the application at www.OregonStudentAid.gov.

Deadline is March 1, 2014

** Polish up OSAC essays, and let the reader know who you are (tell your story!). Have several people proofread your essays.*

Apply to Colleges

Check the admission & Scholarship deadlines at the colleges that you are interested in. Many early admission dates are in November, and many more dates are set for February 1st or February 15th.

If you qualify for free or reduced lunch, you may qualify for a deferral of application fees. See Ms. Thornhill in the Counseling Center.

Last, but not least, encourage your student to keep his/her grades and courses challenging throughout the school year. Student's end of the year transcripts will be going to their colleges of choice, and they could lose out on admission/aid packages if they let grades/coursework slip too far. Many colleges/universities no longer accept any student who graduates early just to get out of finishing the school year. Sticking it out and finishing strong is very much in your student's best interest if a four year school is in the plans.

SAT

Students planning on going to universities need to register to take the SAT exams. Go to www.Collegeboard.org to register for an upcoming exam. IVHS will proctor the SATs in January & May of 2014. **The deadline date to register for the January exam is December 27th.**

PARENT & STUDENT RESOURCES

YEAR-ROUND ON-LINE STUDY RESOURCES AVAILABLE

On-Line support to help your student keep the skills learned, in shape. Like exercising your muscles on a daily or weekly basis, so too does the brain need its physical activity. The following web sites are provided to assist.

My student doesn't understand their homework . . . now what?

We have all been in the situation where our students don't understand the homework and we are trying to dust off the files in our head to remember how to do that math problem or remember what happened in this historic battle. It can be frustrating for both the student and the parent to get through the homework. In today's world full of technology students have numerous resources available to help them re-learn the concepts. The following are just three of the many sites available.

Khan Academy – www.khanacademy.org

This website has over 4,000 videos on subjects from geometry to chemistry to computer science. This is a great tool that actually re-teaches the material step by step. Many times hearing the concept explained by someone else makes that light bulb turn on and the student understands. Interactive practice is also available to solidify the concepts.

Sophia – www.sophia.org Video clips are also available at Sophia, but there is also much more. Over 28,000 tutorials including slideshows and screencasts are available anytime. The site also tailors the information according to the student's learning style, which is determined through a short quiz.

Quizlet – www.quizlet.com This is a great study tool. There are thousands of flash cards & quizzes on the site developed by students and teachers from around the world in nearly every subject you can think of. Students can use an already created tool or create one of their own to challenge themselves and others in their class. This is a great vocabulary tool.

We hope you will find these resources helpful. If you would like more information or other ideas how to help your child at home please do not hesitate to contact the office.

ODYSSEYWARE is an on-line academic website which provides innovative, 21st century learning opportunities for our students.

Three Rivers School District/Illinois Valley High School uses this program for students outside of the regular classroom setting, and for students that need to do make up classes (Credit Recovery) to be eligible for graduation.

ODYSSEYWARE (OW) is web-based. If you have internet access, your student can access his/her assignments, which allows them the ability to complete the courses as fast as he/she needs to, whether they are in the classroom or at home.

To access the **ODYSSEYWARE** web site once your student has been registered, he/she will need to go to <https://3rivers.owschools.com>. From there, they will be able to login and access the courses that they are enrolled in.

THREE RIVERS SCHOOL DISTRICT

INCLEMENT WEATHER PROCEDURES

If inclement weather exists, or is forecast to exist in our school district the feasibility of providing home-to-school transportation will be discussed between the First Student busing Manager and the Director of Transportation no later than 5:30 AM.

The Director of Transportation will recommend a course of action (delay the start of school(s), close school(s), or keep school(s) open) to the Superintendent.

Utilizing the *Synrevoice* automated calling system, all staff, parents, substitute teachers and media will be notified of the decision. The calling system sends messages both by e-mails and telephone calls (*these calls could begin as early as 5:30 AM*).

***Important note about the calling system:* It is voice activated, so the system must hear a voice when calling. This can be a live person answering the phone, your voice mail, or an answering machine. But it will not activate simply upon lifting the receiver on the phone and just listening without saying anything.**

This is an automated system; an attempt to call back the identified number will not be successful. Please take the time to listen to any message left in its entirety.

All closures and/or delays will also be posted on our District website.

If a two-hour delay is announced in a particular school or area, then school will start two hours later than the regularly scheduled time. All bus pick-up times will be two hours later than normal. School will conclude at its regular time.

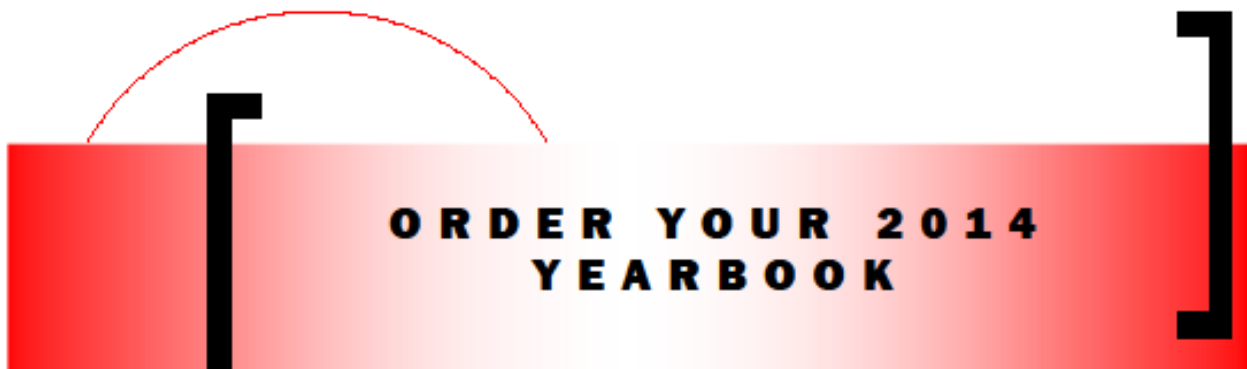

You are also advised to tune in to radio stations KAJO, KLDR, KRWQ and KBOY and TV stations KOBI (5), KDRV (12) and KTVL (10) for updates and in the event you don't have phone or internet service.

Athletic activities, school events and other scheduled field trips could be canceled if inclement weather is a concern.

Sometimes weather conditions leave some roads blocked or unsafe to travel, but school is still being held. Under these circumstances "straight line routes" will be run. Please refer to the "Straight Line Bus Route" attachment for your attendance area for this information.

If you live on one of the roads the buses cannot travel, you may bring your student to the nearest intersection of the main road traveled. This will also be the stop for the afternoon drop off.

It is very important that you keep the school informed of your current phone number and e-mail address to assure proper notification.

Dear Parents/Guardians,

I am Heather Merrell, the Family Advocate for Illinois Valley High School. The purpose of the Family Advocate is to help students overcome barriers to success. I will help students acquire jackets, clothes, school supplies, hygiene supplies, glasses, dental appointments, haircuts, etc. I will also advocate for students: For example, helping them get testing or counseling, acquiring birth certificates, arranging for extra tutoring and other related services.

- Living in a car, van, bus, tent or other non-permanent structure

Living in one of the above situations may also entitle a student to:

- Transportation to their home school should homelessness require a move
- Immediate enrollment, even if there are issues, such as not having in hand:
 - A birth certificate(s) for the child (ren)
 - Immunization forms

Please help me identify any students with specific needs that may be in your care. Do you have a student that may benefit from the services listed above? If so, please list the student's name and specific needs.
