

Community Education Department Program Report April 2014

- Ms. Bolton has created a Parent/Community survey to assess the needs of the families of our district. The data that was given will assist the schools and Community Education in offering quality and helpful programs and events to the district. The percentages are attached along with the survey question.
- Community Education with The Office of Teaching and Learning has been working with the Harvey Park District in creating summer enrichment programs that can be offer at the schools or the Park District facilities, this year for summer. Mrs. Miller, Director of T & L met with members of the park district to set up opportunities for our students and the community. Ms. Bolton has also been working with the park district to work on family/community based field trips for this summer as well. From our survey data, community based field trips were very high on the “must have” of the survey.
- Ms. Bolton has been working with Carol Meyer and Mrs. Fowlkes with the Digital Divide grant. We will be partnering with South Suburban College in this program if we received this grant. In the interim, Ms Bolton has been working with SSC to create a more parent friendly approach to helping the parent met their educational goals through SSC Free Adult Education Classes offered at the college.
- Family Christian Health Center has invited Ms. Bolton and District 152 to attend their First Annual Community and Business Leaders Meet and Greet on Friday, May 2nd. Ms. Bolton will be sending out information to make sure that our School Board Members, Superintendent and Cabinet will be able to attend this event.
- We are excited to have organization that have partnered with Harvey Public Schools, Dist. 152. Several organizations will be holding events held in the community:
